**€129,950**

Contemporary house for sale in Albanchez, Almeria. The property has a very unusual design, the one bedroom 110m<sup>2</sup> house is open plan. The location is stunning; perched at the top of a hill, it has extraordinary 360 degree views. With 50,000m<sup>2</sup> of land this really is a very private property. In fact if you look carefully you can just see the property on the top of the hill in the last photo. The materials used are of a very high quality. This designer house has been built with attention to detail both inside and outside. The large porch offers shade and the large patio area somewhere to sunbathe, eat, or just take in the amazing views.
