Cantoria

€189,000

A beautiful manor house in the centre of Cantoria, next to the church and cultural centre dating from 19th century.

At the entrance, there is a large gate where they are inscribed the initials of its founders, There is a lovely hall overlooking the grand wrought iron and marble staircase which gives the house an air of grandeur. Below are 2 bedrooms, fully renovated bathroom, a large kitchen also reformed with pantry, living room, several storage rooms, patio on two levels and a large garage.

Climbing the stairs to the second floor, we find a double bedroom with a window to the hall of the house, very typical in the homes of Andalusia of that time.

Following the stairs we come to the second floor where there are two independent corridors that connect 3 double bedrooms, fully renovated bathroom and a large terrace.

In a third floor has a loft that needs some reform.

The ceilings throughout the house are high and floors are mainly marble with mosaics and wooden design of the time.

The house is in very good preservation, needing very little reform to live in, although in principle, if desired, it is ready to live in.

As you can see from the photos, the house has furniture and decoration in perfect condition giving a typical stately air of the time. The furniture may be negotiable in the sale price.

A great house for a family who wants to live in the heart of this small town of Almeria and the grandeur of a period house.
