The house has central heating in two bedrooms, the utility room and bathroom. The master bedroom also has air conditioning installed and the house is connected to the bar via some stairs. At the entrance to the house is a nice terrace to enjoy the views and outdoors.

The bar is below the house and is nicely decorated with room inside to safely accommodate at least 34 diners and has a washroom and a kitchen linked to the bar.

Outside there is a covered patio area with room for around 26 people and a parking area. Attached to the bar is a warehouse space offering useful storage and parking facilities.
